Wheat Up Nearly 2 Cents

CORN MAKES GOOD GAINS AFTER SAG

CHICAGO Jan 7—(By Associated Press)—Wheat scored material fresh gains in price today during the early dealings Big buying on the part of a leading commission house was largely responsible There was also gossip that a prominent exporter would issue a statement outlining notably bullish views regarding world supply and demand conditions The opening which varied from unchanged figures to ⅛c lower with May $1 77¼@1 78⅛ and July $1 62¼@1 62½ was followed by a slight general setback and then by a rise that in some cases went nearly 2 cents above yesterday's finish

Subsequently active general buying carried May wheat up to $1 80 then, selling to realize profits led to a reaction The close was unsettled at ½c net lower to 1⅞c higher, May $1 79⅝ to $1 79¾ and July $1 55

Corn and oats sympathized with wheat strength After opening at ⅛ decline to ⅛c advance May 127⅛@127¾ corn sagged all around but then made good gains

Weakness of low grade corn in the sample market had some bearish effect later on future deliveries but mostly of a transient sort Corn closed firm 1⅛c to 1⅝c net higher May $1 28⅝ to 1 29¾

Oats started unchanged to ½c up May 61⅛@61¼ eased down a little and later showed a decided general ascent

The close was firm ⅞c to 1½c net higher May 62c

Provisions were responsive to the upward tendency of grain

MARKET OPENS WITH PRICES SKY-ROCKETING

WASHINGTON Jan 7—(By Associated Press)—An upward rush of prices marked the opening of trading in the stock market today as vigorous bullish operations were conducted in leading industrial and railroad shares United States Cast Iron Pipe jumped 3 points, General Electric and Adams Express 2 points, and American Smelting, Le High Valley Reading, Baldwin and Crucible Steel a point or more.

With speculative imagination fired by prospects for further dividend increases and resumptions and with bears in retreat as a result of yesterday's unexpected sharp recovery, prices forged steadily ahead this morning Buying embraced a wide list, the strength of the public utility issues overshadowing all other groups, although several chemicals and equipment developed marked strength. Investment rails also advanced under the leadership of Southern Pacific which rose to 106, its highest price since 1920 Radio Corporation broke about 3 points around noon, but it failed to affect other stocks

Call money opened at 5 per cent and then dropped to 2½.

Cumulative effects of yesterday's favorable dividend announcements were reflected in rising prices throughout the entire list. Dividend paying oils and industrials made rapid progress under the leadership of pivotal issues, such as Baldwin, which extended its gain to 3 points. Trading in sugar stocks was stimulated by declaration of the regular Punta Alegre dividend and an extra by one of the smaller companies, Punta Alegre rising 2¼ to a level 7 points above yesterday's low Public utilities were led into higher ground by Federal Light and Traction and Brooklyn Edison, which jumped five points or more. Commercial Solvents "A" also scored a five point gain Leading rails which attained new high ground included New York Central Southern Pacific, Southern Railway and Louisville and Nashville Foreign exchanges opened steady

HOOVER APPEALS TO ELIMINATE WASTE

Says Billions Of Dollars Could Be Saved If More Attention Were Given To Saving.

WASHINGTON, Jan. 7.—(By International News.)—Billions of dollars could be saved the people of the United States through application of measures to eliminate waste in commerce and industry, Secretary of Commerce Hoover declared today

Already efforts in this direction have resulted in savings that run into millions, according to Hoover, although he pointed out that there is a "great area still untouched"

A 1923 campaign aimed at eliminating waste, expected to touch every industry, was launched by the department of commerce today. Representatives of railway dining cars met to standardize their equipment.

Thirty-six other standardization meetings, involving many manufacturing industries will be held here within the next few months.

Hoover asserted that the necessity of maintaining a high wave level requires that all processes of manufacture and distribution be reduced to the lowest possible cost He pointed out that this can be accomplished through elimination of wastes arising through too great a degree of diversification in certain basic products

"Merchants," he said, "accumulate great stocks, which turn slowly because of the excessive diversity and lack of interchangeability of these components"

Reduction of manufacturing selling and distribution costs and the release for active use of millions now tied up in slow moving stocks combine to yield savings eventually reaching the consumer at lower prices thus increasing his real wages and assisting him to a higher standard of living.

"The rate of our advance be and will be in proportion to the extension which we all co-operate for the elimination of waste," Hoover said.

Senate Prepared To Act On Various Supply Measures

WASHINGTON, Jan 7.—(By Associated Press).—Passage of the interior department appropriation bill has cleared the senate calendar of the first of the dozen annual supply bills which have been accumulating on the senate side through the rapid fire stride of the house. Three others are before senate committees

To make up ground lost in the long fight over Muscle Shoals, the senate continued into a night session yesterday to dispose of the interior bill

The $238 800,000 carried in the bill as passed by the senate represents an addition of less than $1 000 000 to the amount of the house bill

Of the added amount $500 000 is provided for the Spanish Springs Nevada project The item was stricken out by the house and has been the subject of a sharp fight in this congress

Widow Is Absent From Funeral Of Iowa Gunman

DES MOINES Jan 7.—(By Associated Press—William E Wright, Des Moines gunman, who was killed while resisting arrest in Mobile Ala after robbing a bank in New Orleans was buried here today The final rites were conducted without the presence of Nellie Dawson Wright who ran away from her home here to marry Wright Mrs Wright is in the custody of New Orleans police

In a simple sermon, the Rev F W Mutcher of the Union Park church of Christ deplored the social disorders that cause young men to inadvertantly stray into iniquitous paths" and added there will be no jails no police no bandits when the church has fulfilled her mission"

Consolidation Of Railroads Up Today

WASHINGTON Jan 7—(By Associated Press)—Counsel for the Association of Railway Executives were on hand today to testify before the senate interstate commerce committee on the bill of Chairman Cummins providing for the consolidation of railroads

The hearings are the first of a series planned for the measure which was introduced at the last session and on which brief hearings were held at that time. The bill provides for voluntary consolidation of railroads within a specified period of time after which compulsory consolidation would be ordered.

Senior 33rd. Degree Mason Is Buried

WASHINGTON, Jan 7.—(By Associated Press.)—The house rivers and harbors committee today reduced by $13,214,000 the $52,000,000 rivers and harbors bill.

The committee reduced by $7,000,000 the $16,000,000 proposed for the inter-coastal canal along the Gulf of Mexico and by $3,500,000 the $10,20,000 recommended for the Los Angeles breakwater.

MRS. HARVAT WILL RUN FOR MAYOR AGAIN

Special to The Gazette.

IOWA CITY, Jan. 7.—Miss Emma J Harvat, Iowa City's woman mayor, will be a candidate for re-election if she is successful in obtaining the republican nomination this spring, she has announced.

Miss Harvat, one of the pioneer women mayors of Iowa, was named head of the city administration three years ago, to fill a vacancy At the time the city council named her as mayor, she was serving as alderman-at-large. Two years ago she was elected for a full term.

Miss Harvat is president of the Iowa City Business and Professional Women's club, embracing a membership of several hundred, and it is understood that her candidacy will receive the support of the women's clubs of the city

The announcement of her candidacy comes close on the heels of an announcement by E. A. Crosset, retiring justice of the peace, that he would seek the republican nomination for mayor this spring

Rep. Scott Denies Truth Of Stories On Capital Parties

ALPENA Mich Jan 7—(By Associated Press)—With Mrs Edna James Scott preparing to gather additional evidence in her defense against the divorce action of Representative Frank D Scott of the Eleventh Michigan district, and Mr Scott himself resting here for a few days before resuming his duties at Washington, Alpena today was returning to a semblance of normal

The suit which began last week was adjourned yesterday until March 10 to permit Mrs. Scott to obtain additional depositions

Mr Scott who charges his wife with extravagance last night denied that the picture of gay bizarre parties among congressmen as painted by Mrs Scott is an accurate one He said their married life had been happy for eight years a circumstance he attributed to the fact that they moved among congressional circles avoiding what he described as the fast set of Washington to which he charges, his wife later was precipitated

Uncle Sam's Navy In Shape To Take Care Of The Nation

WASHINGTON Jan 7—(By Associated Press)—After examining Secretary Wilbur and other high officials of the navy department the senate naval appropriations committee concurs in the view of the house committee that "the country need not be alarmed" about reports that the American navy has fallen below the 5-5-3 ratio

Adopting a report similar to that of the house committee the senate committee declared today that with the exception of the battleship Florida, laid up for refitting, "no one can say that as to capital ships the 5-5-3 ratio does not prevail"

ARMY IS DEFICIENT.

WASHINGTON, Jan. 7.—(By International News).—Congress was informed today by Secretary of War Weeks that the army is sadly deficient in air craft and in aviators. Weeks appeared before the house committee that is investigating the air service. The navy, he said, is in much better shape for national defense in the air because of more liberal appropriations.
