Senate Pays Fine Tributes To Three Of Its Dead Leaders

WASHINGTON Jan 19—(By Associated Press.)—Intimate memories of three of its stalwarts of former days came crowding back on the senate as legislative machinery was brought to a halt so those who had served shoulder to shoulder with them might give a last testimonial to their lives and their works.

Senators on both sides of the chamber sought the opportunity of joining in praise of the public service rendered by Henry Cabot Lodge Frank B Brandegee and La Baron Cotrell members who died in the summer recess. Reviews of the life of Senator Lodge carried the senate through 33 years of its history and brought recollections of the memorable controversy over the league of nations in which the former chairman of the foreign relations committee and Woodrow Wilson were the central figures.

The retrospect of Senator Brandegee's service found almost as wide a range in the years of senate history which the veteran from Connecticut had so large a hand in fashioning.

Tributes to the fidelity of Senator Cotrell recalled his services as chairman of the immigration committee to which place he succeeded when his party came to control of the senate after the World war.

Denver District To Have Big Building Program This Year

DENVER Jan 19 (By International News.)—The building and construction program in the Rocky Mountain district will be considerably greater this year than in 1924 according to a forecast issued today by the employment service of the United States labor department in the region including New Mexico Arizona, Utah Wyoming Nevada Idaho Montana and Colorado.

In addition to an indicated large program of residence construction in Denver the forecast announces the building of public buildings office buildings hotels and apartment houses at an estimated expenditure of $8,000,000.

The department also issued an indicated employment survey for the region showing a slight seasonal decrease in employment in practically all states of the mountain district except Arizona where a continued upward tendency in employment and industry is evidenced.

Former U. S. Rail Director Is Given League Commission

GENEVA Jan 19 (By International News.)—The league of nations today appointed Walker D Hines of New York to come upon [illegible] and administrative details for the Rhine and Danube navigation.

Walker Downer Hines formerly of Louisville Ky is one of the country's most known lawyers and economists. He was director general of railroads from 1919 to 1920. He has served as arbitrator under the peace treaties on questions of disarmament. His law office is in New York and he is author of [illegible] on railroad management and economic problems.

VETERANS URGED TO FILE FOR INSURANCE

Red Cross And Legion Offer Aid In Applications; U. S. Put To Great Expense By Procrastination.

That men who fought for the national bonus have, since it has been won forgotten even to apply for it is the strange state of affairs being called to the attention of the public through the office of the Linn County Red Cross which is issuing an urgent appeal to all World war veterans to file their application claims at once.

The adjusted compensation law, passed last May gave the time limit in which to apply for the bonus as 1928. But delay is not only costing the government great sums of money but may result in loss to the veteran or his family it is pointed out by Mrs Jennie I Berry, executive secretary of the local chapter.

As a typical instance she cites the case of the young veteran in his early twenties who assumes that he has many years yet to live. He puts off filing his application, and dies. His dependents get $625 in ten quarterly payments. If he had taken the trouble to send in his application, he would have left his family $1,590 in a lump sum.

Figures at Washington show there are nearly 3,000,000 men who have yet to apply. Congress arranged for a new department under the Veterans' bureau with clerks enough to handle the rush of the work but the applications have been lagging. To keep this department open until 1925 will greatly increase the cost of administration and the bureau is anxious to finish the work. The taxpaying public including many former service men should be anxious to speed it up it is pointed out.

The local offices of the Red Cross and American Legion will gladly aid the men in filing these blanks, and officers urge that it be given attention at once.

Inhale the Vapors

For Catarrh and Colds

To relieve catarrh or check head cold, melt a little Vicks in a spoon and inhale the vapors of Camphor Menthol Eucalyptus, Thyme and Turpentine. Also put a little in each nostril and snuff well back up the head.

Another way is to heat a tin cup put in a teaspoonful of Vicks and inhale the vapors that way. As fast as the vapors lose their strength throw out the melted Vicks and add fresh.

Millions of mothers find Vicks the ideal remedy for croup and children's colds because it not only brings quick relief but avoids dosing delicate little stomachs with so much medicine.
