MAYOR APPEALS FOR NEAR EAST RELIEF

Hopes This City Will Do Her Part Toward Supporting Children Orphaned By Great War.

Mayor J F. Rall issued the following appeal today, in behalf of the near east relief campaign, now being conducted in this city:

"The cause of the near east relief is before the people of Cedar Rap-ids this week. In the past with charors which were quite long.

"Oh I never could think of letting you nibble me with such long government in it's commission to the straggily whiskers as you have," cried the bunny "First I must shave your whiskers off!" And with

near east relief workers to "amelorlate the condition of the peoples of
the near east—especially the widows
and orphans—who through war, the
crueities of men, or other causes beyond their control have been rendered utterly destitute."

That commission as embodied in
the governmental charter is built
solely on faith in the desire of the
people of the United States to do
unto others as we would have others
do unto us, for not one cent is given
by congressional appropriation.

'If the people fail to measure up
to this faith, the work so nobly begun—'the greatest piece of constructive charity' as Dr. John R. Mott
terms it, 'that the world has ever
seen, fails utterly'
