GAS COMPANY PLANS ANOTHER TANK HERE

Improvements Costing About \$150,000 Considered But River Front Question Is Stumbling Block.

The old story of the river front contentions between the city and tertain their wives at the ciub's annual "Ladies night" to be held at
Fotel Montrose this evening. Dinner informal conference between the at 7 p. m. will be followed by a short city council and H. J. Carson, genprogram and dancing. No meeting eral manager of the Cedar Rapids of the club was held this noon, on Gas company, today, relative to the account of the party tonight.

gas holder doubling the 500,000 cubic feet capacity of the present tank. The improvement contemplated, including accessories and connecapproximately \$150,000, Mr Carson said. The company would like to place it just south of the old holder along the river as a matter of con-venience, and for safety to the

But the title to the river front is the joker in the deal. //"The city's contention is that a large part of the gas company's present plant is on the liver front wned by the city," said Mayor J.

"We need more storage capacity and we are anxious to better our service facilities for our patrons, but we want title to the property settled before starting to build," Mr. Carson

There is not room enough between the old tank and First street for the proposed new holder and neither is there space enough in any other direction, except south, it The holder which the company plans daugh to build is known as the waterless morni type, songe of which are being built dead. with marked success in the large
