Such values demand another mention
Dispersal of Coats
all winter garments in three lots:

\$18 \$28 \$48

These three attractive prices reveal their true importance the instant you inspect the Coats that have been assembled for dispersal. Merely that we call them "winter Coats" must not be taken to minimize the desirability of the styles.

- Smart fur collars and cuffs on some
- Others are self-trimmed
- The fabrics are those of refinement

An outstanding feature of these Coats is the presence of beautiful linings, especially in those of the \$48 group. Such an opportunity to economize should not go unnoticed. Collectively, there are all sizes.

True Individuality is paramount in these Hats

Inspired by the Fashions of Broadway
New Pattern Hats
Including Meadowbrook Sports Types

\$13.85

There are Hats to meet the particular personality of each and every woman who will see the wisdom of profiting by the above price. Small, medium and large shapes are included, and those who require a larger-than-usual head size will have no trouble being fitted. Originality of trimmings baffles description.
