The city council will not oppose efforts of O W Plagman of Davenport and Harvey Schaeffer of Tipton in their efforts to obtain per-mission from the state railroad com-missioners to operate a bus line

the council wished him to appear in behalf of the city at the hearing on the permit to be held at Hotel Mont rose March 18.

Should the permit be granted by the railroad commissioners, the city could still specify what streets the motor buses could use after entering the city, the council contended.

It is also unlikely that the council will protest against the petition of Miles R. Landis of Anamosa for a bus line from Monticello and Anamosa to Cedar Rapids. The hearing on this is also set for March 18.
