OF IOWA TERRITORY

Almost two hundred years ago the Iowa country was invaded by a French punitive expedition, sent out from Montreal to maintain the prestige of the French among the Sauk and Fox Indians. The story of the expedition is told by John Ely Briggs in a recent issue of "The Palimpset" published by the State Historical Society of Iowa at Iowa City

The killing of a prominent French officer, Nicolas Coulon de Villers, at a Sauk village led that tribe to cast its lot with the Foxes, and both sought refuge across the Mississippi river in the land of the Ioways

One of the best known French-Canadian officers, Nicolas Joseph de Noyelles, was selected to lead an expedition to avenge the death of De-Villiers and to reassert French au-

LOPEZ TRIAL ON THURSDAY.

MINNEAPOLIS, Ma 11.-Trial of

tion case was definitel set for 10 a. m. Thursday by Judge Joseph W. Molyneaux in federal district court here today

Where shall we go this evening?

PREQUENTLY you decide to spend the evening in town with some friend. The first part is easy. Dinner at a pleasant restaurant. But afterwards . . . What will you do to carry on this business of having a good time?

Easy! Three cents. An evening paper. A glance at the advertisements. Suggestionagreement, and you're off!

You didn't go around to the different theaters, to be driven to an unsatisfactory choice by fatigue and time. If it's worth while to consult the advertisements about amusements, how much more worth while must it be when it comes to the spending of the household money.

Read the advertisements. They place before you the full choice of the trustworthy goods in the market. They describe advantages, and give you full information before you have to stir out of your chair. Pursue for every article you buy the method you use when it comes to amusements.

The way to be sure of what you buy is to buy advertised goods.

Reading advertisements is an education

in better buying.
